DISTRICT TILE

R.W. ATLAS & DISTRICT TILE

*The strength of original vision and
impeccable execution.*

Waterworks has had an enduring commitment to design authenticity and innovation for more than three decades. This dedication to unsurpassed excellence, expert detailing and true artisanal craftsmanship is exemplified with the R.W. Atlas and District Tile collections.

R.W. Atlas is a groundbreaking collection of industrial-inspired fittings and fixtures forged from the collaborative production and design achievements of Waterworks and Roman and Williams. R.W. Atlas entices with powerful shapes, genuine materials and unique aesthetic details. As a surface complement to the luxurious and timeless R.W. Atlas, we offer the District Tile collection of richly hued and expertly crafted tiles.

INTRODUCTION

*The power of American ingenuity and
European craftsmanship.*

R.W. Atlas plays with the energetic tension between the industrial and the sensual, the familiar and the new. We re-imagined utilitarian design, contours and textures, and developed dynamic new processes for creating them.

The integrity with which R.W. Atlas fittings and District Tile surfaces were conceived and crafted transforms them from items of practical purpose to exquisite objects of desire.

WATERWORKS

R.W. ATLAS FITTINGS

American Ingenuity.

Elevating industrial utility to luxurious design requires a new vision and an obsession with detail. Both powerful and refined, these fittings offer a sophistication all their own. Brass gives them substance and form; it is the elemental core of every piece. Living finishes, including burnished nickel, unlacquered brass and carbon, provide a range of design options.

**DECK MOUNTED MARQUEE LAVATORY FAUCET
WITH METAL LEVER SIDE MOUNT HANDLES**

R.W. ATLAS KITCHEN

Heirloom Quality.

The intricacies of knurled details, tumbled textures, feminine curves and masculine angles are illuminated by the substance of this iconic design. The honesty and simplicity of every element acts and interacts in harmony. Unexpected, engaging and enduring, this is an object to be admired for generations.

DISTRICT TILE

Architectural building blocks.

With the richest glazes imaginable, District Tile creates a stunning backdrop to highlight the industrial influence of R.W. Atlas fittings and fixtures. They are the architectural building blocks of a uniquely striking interior.

District Tile glazes are applied by hand and characterized by dark pooling reminiscent of artisan creations from years ago. Tiles and trims are available in a variety of sizes and two field tile body styles: Modulus, dust-pressed and precisely uniform, and Classic, hand-formed.
