# Aragon

Known for its unique properties, fine-grained Italian alabaster from Volterra gives Aragon a warm and luminous tone. Drawing upon a centuries-old tradition, trays and serveware feature artistic veining ranging from light gray to dark brown that render these rich white pieces classic for any occasion.

## freestanding furnishings

Family	Primary Material	Method of Construction	Care and Cleaning Summary	Country of Origin
<b>Aragon</b>	Alabaster	Hollowed in open caves in Tuscany. These pieces are one of a kind, hand cut from blocks and then polished and carved by expert artisans	Clean with a mild soap and soft cloth. Do not use any abrasive cleaning products. Do not put in the dishwasher.	Italy
<b>Arno</b>	100% Ceramic; black clay	Tuscan method for ceramic production. Clay is made, the pieces are molded, air dried, kiln fired, glazed and then a second firing in the kiln to secure the color.	Clean with a soft cloth and mild detergent.	Italy
<b>Battuto</b>	Murano Glass	With a proprietary technique, the artisan cuts Murano glass to a specific shape and size with a handmade mold, that piece is then fired. Colored pieces of glass are crushed to create a random pattern on top of base glass and the piece is fired again.	Handwash with mild soap and warm water. Food safe. Do not put in the oven, microwave or dishwasher.	Italy
<b>Bella</b>	Glass and Tin	Machine made	Wash with mild detergent and dry thoroughly.	United States
<b>Bourne</b>	Resin	Hand sculpted and then a mold is created, also by hand. Each piece is cast individually in small batches by color.	Hand wash with mild soap or detergent.	United States
<b>Brentwood</b>	White Oak (Chopping Boards); Reclaimed Atlantic City boardwalk hardwood (Salt Cellar); Walnut (Butcher Block)	Hand crafted in the USA	Wash with soap and water. Dry thoroughly. Condition/oil board whenever needed with a food grade mineral oil. Not dishwasher safe.	United States
<b>Canyon Drive</b>	American Walnut or Ebonized Oak with brass accents	Hand crafted in the USA	Wash with soap and water. Dry thoroughly.	United States
<b>Cellar</b>	Mouthblown Glass	Handcrafted, mouthblown by artisans in Italy.	Wash with warm water and mild detergent. Dry with a soft dry cloth. Do not put in the dish washer.	Italy
<b>Chamberlain</b>	Pewter, comprised of 95% Tin, 3% Copper and 2% Antimony	Crafted by artisans in Italy by melting, molding, smoothing and polishing the pewter material.	Wash with warm water and mild dish detergent. Dry immediately with a soft dry cloth. Do not put in the dishwasher.	Italy
<b>Chandler</b>	Beeswax	Hand poured in the USA	If needed dust with a soft dry cloth	United States
<b>Clarion</b>	Glass	Mouth blown	Hand wash with mild soap or detergent. Not recommended for use in the microwave or dishwasher.	Belgium
<b>Dash</b>	Hornbeam end grain wood with Beechwood surrounds and Brass corners	Made in the same way French cabinetry is made.	Clean in warm soapy water. Dry immediately. Oil regularly with food safe oil. Do not submerge or soak in water. Do not put in the dishwasher. Do not store near a heat source.	France
<b>Draper</b>	Carafe is made from glass and the sleeve is made from calfskin leather.	Carafe is made from machine molded glass and the leather is cut, sewn & slid onto the carafe.	The leather sleeve slides off of the carafe for easy care and cleaning. For the carafe, hand was with mild soap and water and for the leather, use a high quality neutral shoe polish.	Italy

Family	Primary Material	Method of Construction	Care and Cleaning Summary	Country of Origin
<b>Forma</b>	Beeswax	Hand poured in the USA	If needed dust with a soft dry cloth	United States
<b>Fraser</b>	Resin	Each of these resin pieces are handmade and go through a process of being molded, hand sanded and sand blasted. Each piece therefore has individual characteristics and no two are the same.	Hand wash with mild soap or detergent.	Canada
<b>Harvest</b>	King Wicker with Leather	Hand woven	Use soft cleaning brush or wash with water and let dry. Keep away from high temperature areas.	Vietnam
<b>Hobbs</b>	Hand spun brass is an art form that uses tools to shape the brass as it is spun at very high speeds.	Hand spun brass is an art form that uses tools to shape the brass as it is spun at very high speeds.	Wipe with a damp or dry cloth. Do not use brass cleaner, it will remove the patina finish. Mineral oil can be applied to make the piece look more lustrous. Not safe for food.	Canada
<b>Klei</b>	Clay	Handcrafted pottery. Made in the USA	Before you use each piece, wash it and dry it. When fully dry, oil it with a food safe, unscented clear mineral oil. Do not use olive oil. This will seal the stone and prevent absorption of any liquids that may stain. You can do this process as often as you feel necessary. All pieces are food safe, dishwasher safe and microwave safe. We do not recommend baking or broiling with them as it may be difficult to clean the unglazed, porous stoneware side of the piece.	United States
<b>Marlowe</b>	Resin	Each of these resin pieces are handmade and go through a process of being molded, hand sanded and sand blasted. Each piece therefore has individual characteristics and no two are the same.	Wash with soap and water and then finish with a light coating of mineral oil. Any scratches can be buffed out using a mild abrasive cleaner, pad or light sandpaper. Not dishwasher, oven, freezer or microwave safe.	Canada
<b>Matrix</b>	Resin	Hand sculpted and then a mold is created also by hand. Each piece is cast individually in small batches by color.	Hand wash with mild soap or detergent.	United States
<b>Pane</b>	Various Woods	Vintage from the late 1800's thru the early 1900's	Clean with a soft dry cloth	Various sources in Eastern Europe
<b>Pedra</b>	Soapstone and Copper	The state of Minas Gerais in Brazil is known for extensive soapstone deposits in excellent quality. For hundreds of years soapstone has been used for construction, kitchen counters, ovens and cooking. The soapstone artisan co-op with which we purchase these pieces from reclaims unused pieces of soapstone from various projects and recycles them. Larger pieces are chiseled down and then shaped through a sanding process. The copper bands are then cut, polished and applied by hand.	The first time you use your soapstone piece, apply cooking oil to all surface area, heat in a 325 degree oven for 15 minutes and allow to cool before using. For daily care, wash with soap and water. Do not use abrasive cleaning products. Use low heat to start cooking. Avoid thermal shock, this may cause cracks or breakage. Do not use soapstone containers to store food.	Brazil
<b>Pesa</b>	100% Ceramic.	Tuscan method for ceramic production. Clay is made, the pieces are molded, air dried, kiln fired, glazed and then a second firing in the kiln to secure the color.	Clean with a soft cloth and mild detergent.	Italy

Family	Primary Material	Method of Construction	Care and Cleaning Summary	Country of Origin
<b>Poppy</b>	Glass	Mold blown	Clean with a soft cloth and mild detergent. Not dishwasher safe .	Czech Republic
<b>Prescott</b>	Polished Pewter	This collection is hand crafted using the century old traditional manufacturing techniques of spinning, metalsmithing, buffing, polishing, and casting.	Soap and water, cloth dry. Do not dry in a circular motion, dry up and down to maintain shine.	United Kingdom
<b>Preston</b>	Copper and Pewter	Each ice bucket is made from a copper disc which is formed into the bucket shape by spinning - forcing the sheet over a former by hand. This process takes several different stages as the form needs to be taken down gradually and annealed to make the piece malleable before continuing onto the next stage. The handles are made from pewter and solder by hand into position. The final polish is again applied by hand.	Copper polish is safe for the care of the copper and pewter.	United Kingdom
<b>Quarry</b>	Marble with brass feet in nickel	Marble is cut into size. The feet are die cut brass.	Food grade sealant is recommended. We recommend Miracle Sealant Porous Plus.	United States
<b>Stelle</b>	100% Ceramic	Tuscan method for ceramic production. Clay is made, the pieces are molded, air dried, kiln fired, glazed and then a second firing in the kiln to secure the color. The splatter pattern is added manually by dripping drops of gray glaze on top of each piece before this final firing.	Clean with a soft cloth and mild detergent. Food safe and dishwasher safe. Do not use in the microwave or oven.	Italy
<b>Stringer</b>	Black walnut with food safe tung oil finish	Manufactured by state of the art precision machinery and hand finished.	Hand wash with soap and water. Do not put in the dishwasher or expose to water for extended periods of time. May be wiped periodically with mineral oil.	United States
<b>Tavern</b>	Pewter, comprised of 95% Tin, 3% Copper and 2% Antimony	This collection is hand crafted using the century old traditional manufacturing techniques of spinning, metalsmithing, buffing, polishing, and casting.	Soap and water, cloth dry.	United Kingdom
<b>Terrazzo</b>	100% Ceramic	Tuscan method for ceramic production. Clay is made, the pieces are molded, air dried, kiln fired, glazed and then a second firing in the kiln to secure the color.	Clean with a soft cloth and mild detergent.	Italy
<b>Treen</b>	Hardwood, teak wood and sago	These are vintage pieces from the early 1900's. Sizes and finishes may vary as no two pieces are exactly alike. All pieces are hand finished with shellac.	Wipe with a damp cloth followed by a soft dry cloth. If using to display fruits or vegetables, wipe with a food safe oil. Over time, each piece will achieve a patina of age and wear, the shellac will dissipate and the natural hardwood will look more rustic.	Indonesia
<b>Tresser</b>	King Wicker	Hand woven	Use a soft cleaning brush or wash with water and allow to dry. Keep away from high temperature areas.	Vietnam
<b>Turner</b>	American Walnut or Ebonized Oak	Hand crafted in the USA	Use a soft cleaning cloth if needed.	United States

Family	Primary Material	Method of Construction	Care and Cleaning Summary	Country of Origin
Valet	Water Hyacinth	Hand woven	Use soft cleaning brush or wash with water and let dry. Keep away from high temperature areas such as fireplaces. Suitable for indoor or outdoor use.	Vietnam
Vintner	Recycled wine barrels	Oak wine casks that held wine for at least four years are reclaimed and the barrel heads are then refinished	Wipe clean, treat with beeswax. Do not wet for any extended period of time.	United States
Waterworks Kitchen Dish Brushes & Bottle Brush	Beechwood	Crafted by artisans in Germany	Rinse with warm water. Do not clean in the dishwasher.	Germany
Waterworks Kitchen Citrus Grove Classic Kitchen Candle	100% Soy Wax with Cotton wick	Hand crafted in the USA	N/A	United States
Waterworks Kitchen Dish Soap in Clementine	Please reference label for content	N/A	N/A	France
Waterworks Kitchen Liquid Hand Soap & Hand Lotion in Tuscan Mint and Tuscan Sage	Please reference label for content	N/A	N/A	France
