Custom Designs

Inspiration is the key word. We are happy to use inspiration pieces to create mosaics, but we cannot make exact replicas of proprietary designs or artwork.

TERMS AND CONDITIONS ORDERING

Please review your order thoroughly for accuracy and quantities. We request that all quantities be checked by an installer or contractor. Although your Waterworks sales associate may have assisted in preparation of quantities or details of custom specifications, we cannot be held responsible for discrepancies in quantities and custom specifications. Any additions or changes to the order could delay the delivery date and may result in color or production lot variation.

PAYMENT

We accept MasterCard, Visa, American Express, cash, personal, bank and traveler checks, money orders, wire transfers and Waterworks gift cards. Any order less than \$1000 must be paid in full at time of order placement. All orders over \$1000 require a 50% deposit of order total including freight and taxes. This deposit is non-refundable for tile, stone, and made-to-order products. The deposit must be maintained at all times and the balance due must be paid prior to shipment. All freight charges are invoiced with the last shipment. We must collect sales tax for orders being shipped to states in which we have stores or representation. Resale certificates must be supplied at the time of order placement.

Product and freight pricing are subject to change without notice. Product pricing on quotations is honored for 60 days from the date of quote entry. Freight charges on quotes and orders are estimations and subject to change based on current market conditions at time of shipment. Merchandise not shipped within a reasonable time period is subject to a warehouse storage fee.

DELIVERIES AND SHIPPING

Our Client Services team will coordinate nationwide deliveries based on customer requests and determine the most effective method of transportation. For orders requiring delivery by a common carrier, the carrier will call 24 hours in advance to confirm delivery. All common carrier deliveries are curbside unless otherwise specified on order by client. It is the client's responsibility to accept delivery and verify quantities received.

All of our shipments are carefully inspected prior to shipment and packaged to ensure that they leave our warehouses in perfect condition. Any visible damage or shortage upon delivery must be noted on the freight carrier bill. In the event that product is damaged during shipment, a freight claim must be reported to our Client Services department within 48 hours. Please follow the freight claim instructions included with the shipment for proper credit. In the unlikely event of a delivery being delayed, postponed or incorrect we do not accept responsibility for lost working time. Always inspect your merchandise before installation as installation constitutes acceptance.

RETURNS

Returns will be accepted within 60 days of receipt of the order. The product must be in its original condition and packaging. All tile, stone and made-to-order products are non-cancelable and non-returnable. All returns will be charged a minimum of a 20% return process fee. The return process charge and all applicable shipping charges will be deducted from the client refund amount. Returns must be requested through our Returns Department at 800 927 2120.

Returns will be credited from the corporate office to the original billed party via the same method of payment as used in the original transaction. Return credit will only be issued based upon receipt and inspection of returned product.

Merchandise must be inspected at the time of receipt for color, shade, finish or defects prior to installation. Installed merchandise of any kind is non-returnable. Use constitutes acceptance. We do not accept responsibility or liability for installation, sealing or refinishing. Any damage or shortage must be reported within 48 hours of receipt of product.

Crazing, shade and size variations are inherent characteristics of ceramic, tile and stone. Actual tile, stone, furniture and all wood products received may differ in shading and size from samples. Color and surface imperfections are natural characteristics of these types of products.

USE

This material is suitable for walls, countertops, backsplashes, fireplaces and floors.

CARE AND CLEANING

To derive long lasting pleasure from your product and to preserve its attractive appearance, please do not use scouring agents, abrasive sponges, hydrochloric acid, vinegar (acetic acid) cleaners, ammonia or metal silicates. A proper maintenance program is critical to ultimate customer satisfaction.

Regular cleaning with a mild, non abrasive pH neutral cleanser is recommended.

VARIATION AND CRAZING

This product is subject to variation due to the nature of the raw materials and production methods used. Actual tile received may differ from samples. It is the purchaser's responsibility to inspect tile prior to installation. Please be aware that use constitutes acceptance.

Natural stone can vary in fossilization, striation, movement, texture and color. See your Sales assistant for a current sample prior to ordering. Color matches cannot be guaranteed.

INSTALLATION

Waterworks recommends using a licensed and experienced tile setter for all tile installations. Inspection of each piece is recommended when the order arrives.

Waterworks recommends using the tightest possible grout joints and offsetting the joints between field and trim rows. All tiles should be laid out prior to setting to allow for blending of the color range. Grout joints should be sealed with a penetrating sealer to accommodate ease of maintenance. Tiles with a crackle surface for installation in damp or wet areas, should be sealed to aid in the prevention of moisture penetrating the glazed surface. This process should be repeated from time to time in accordance with the sealer manufacturer's guidelines.

ORDERING

Waterworks recommends ordering extra tile with your order; additions at a later date may not match.

Production time for all custom orders is 6 – 8 weeks

SHIPPING AND FREIGHT

Freight Charges are additional to the price of the material. Waterworks tracks all orders through delivery and arranges for shipment using the mode of transportation best suited to the size of the shipment and destination.

RETURNS

Special order tile is not returnable. Claims for product defects, shipping damage, or shortages must be made within 48 hours of receipt. Please inspect your shipment immediately on receipt. Installation of material constitutes acceptance.

All dimensions in this catalog are nominal.
