WATERWORKS

ISLA

PICK UP A ROCK AND
MARVEL AT ITS SHAPE —
WHETHER IT'S SMOOTH
AND ROUND FROM
THE RIVER, OR JAGGED
FROM BREAKING OFF
A BIGGER STONE. IT
FEELS SATISFYING IN
THE HAND — PURE,
TIMELESS, AND UNIQUE.

A ROCK HOLDS A
STORY ALL ITS OWN.
THE MYSTERY OF
WHERE IT'S BEEN, THE
JOURNEY IT'S TAKEN.

WHAT IF IT WAS
TRANSFORMED INTO
SCULPTURE?

THREE DIMENSIONAL
SHAPES THAT ALSO
SERVE A PURPOSE
— SIMPLE AND
BEAUTIFUL.

ECLECTIC ART YOU
CAN'T EVEN EXPLAIN.
CAPTIVATING
ORGANIC FORMS.

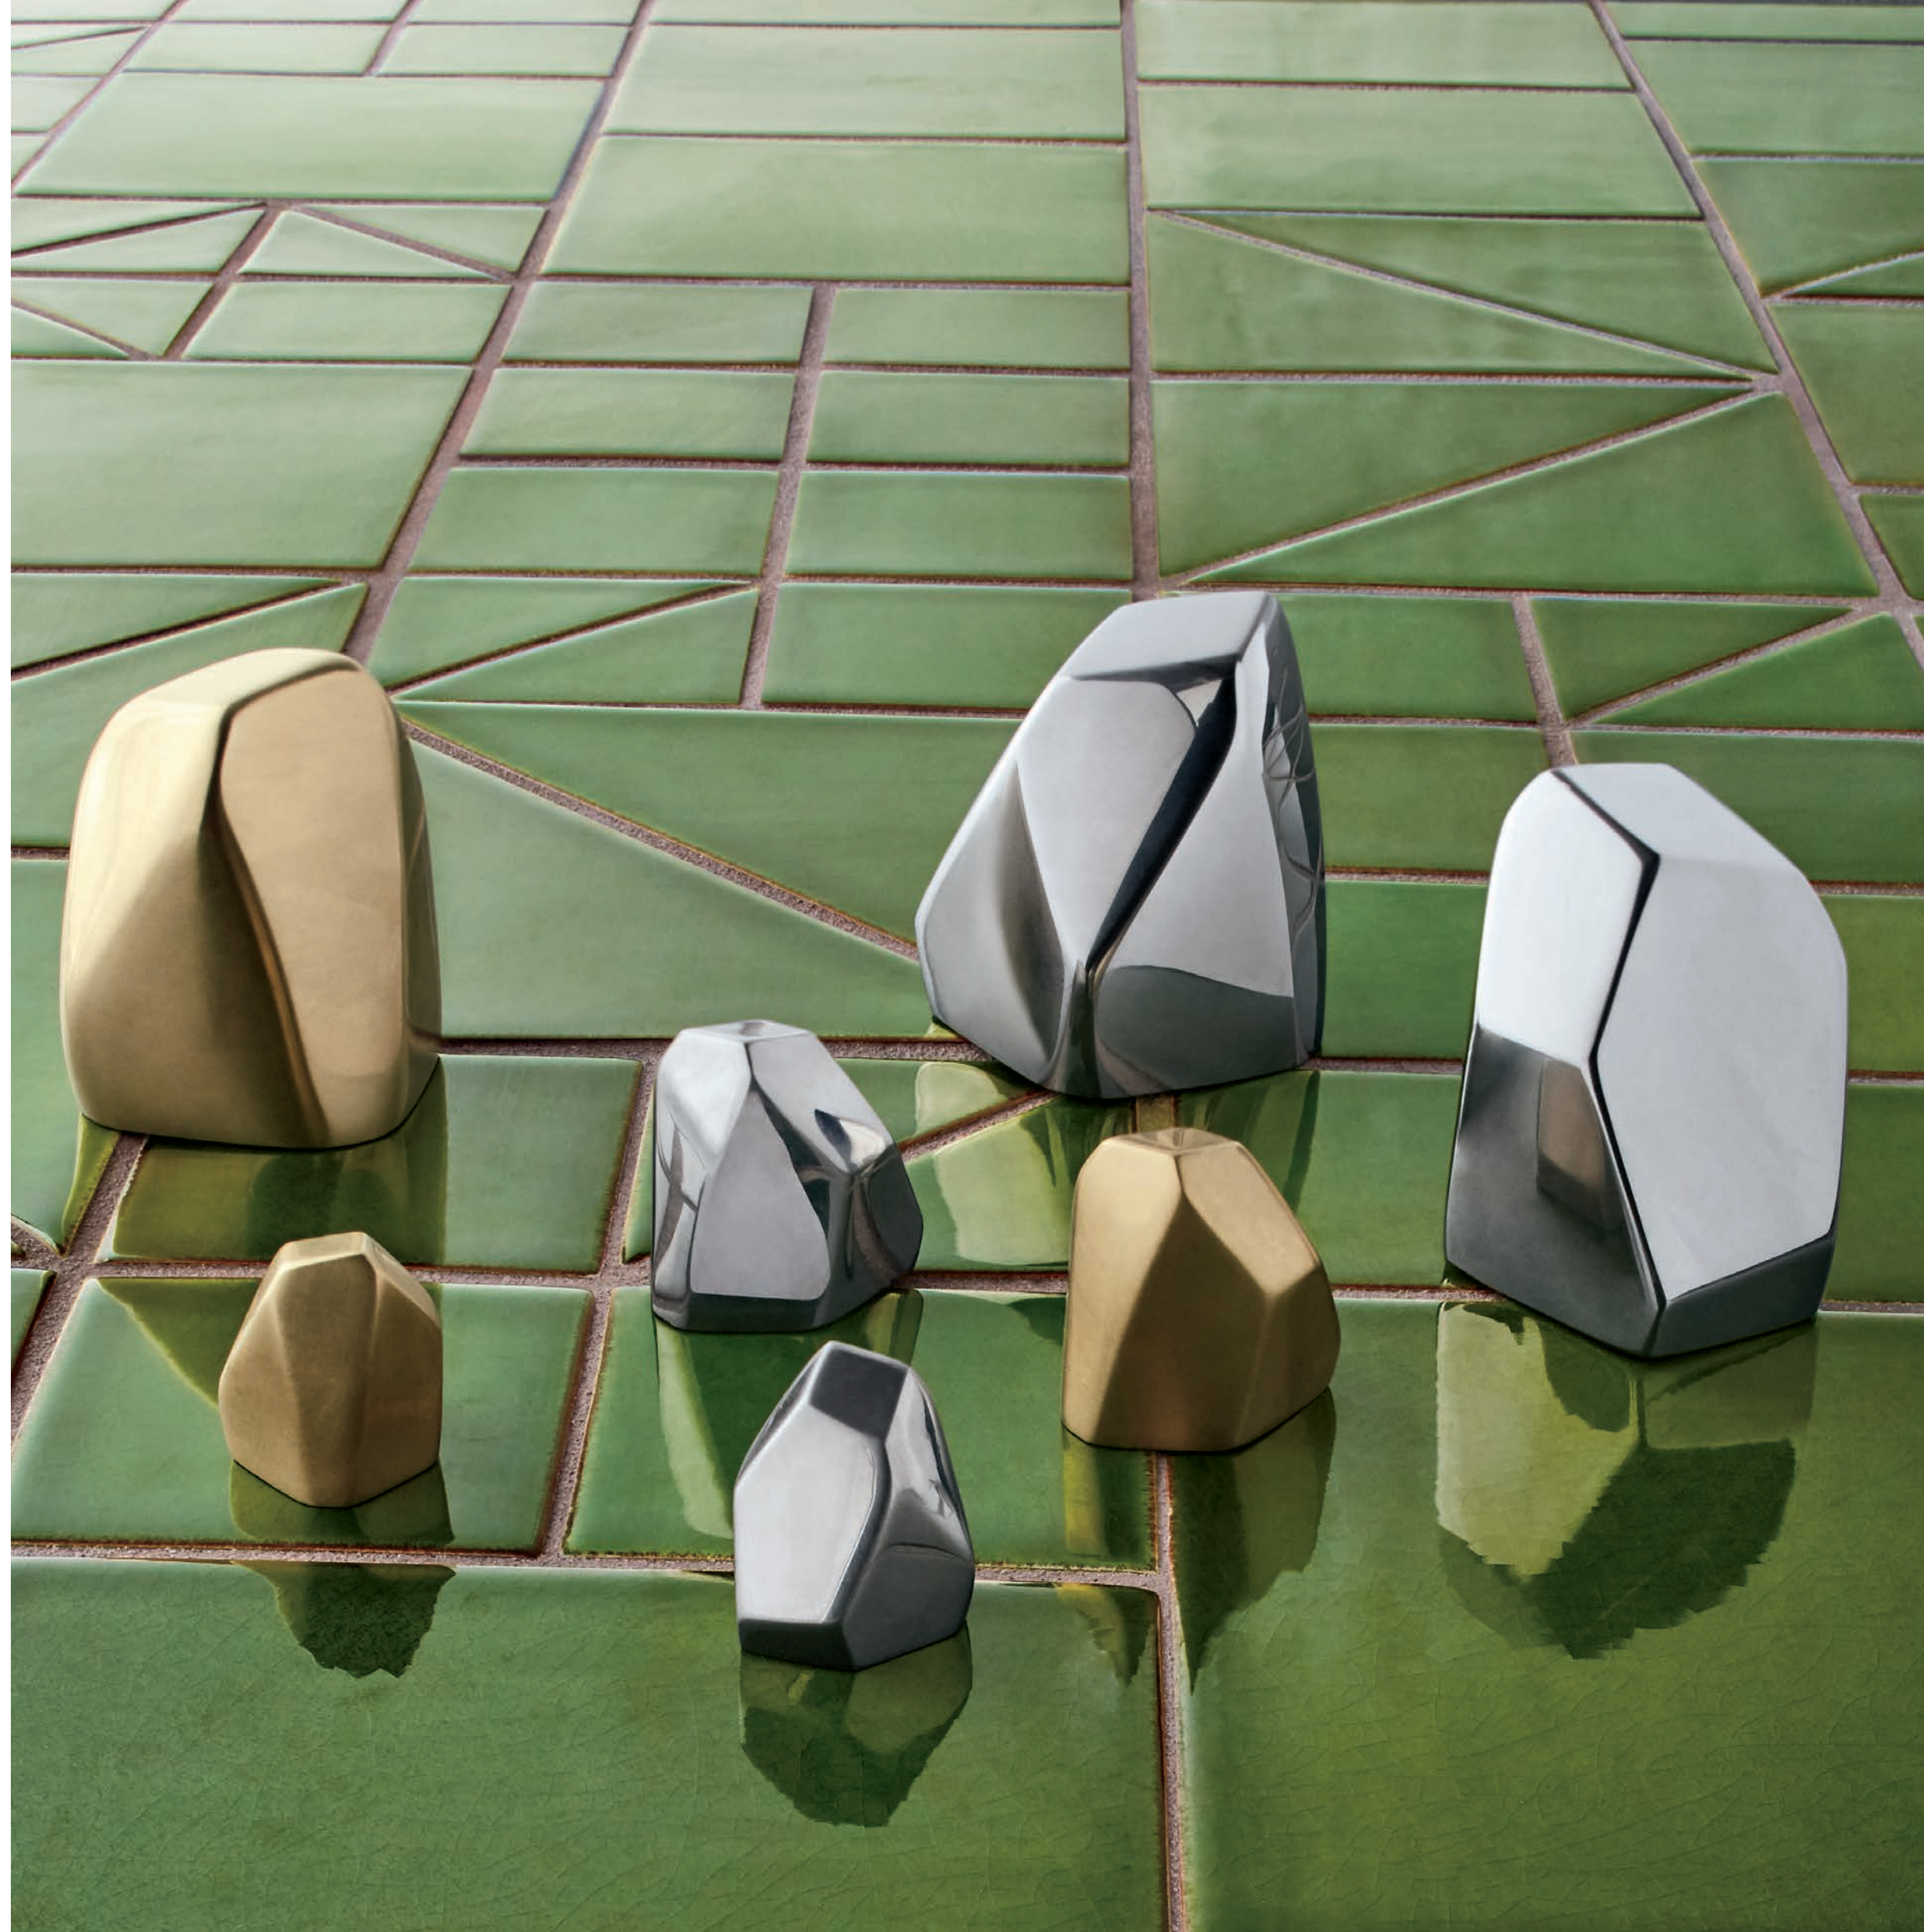

ISLA IS FOR THOSE
DRAWN TO THE ROAD
LESS TRAVELED. IT IS
FOR THOSE WHO
SEEK TO ENGAGE MIND,
BODY AND SPIRIT.

A GRACIOUS HARMONY
OF ARTISANAL
METHODS AND
ADVANCED
ENGINEERING.

INTERPRETATIONS

a cabinet of curiosities

A CONVERSATION BETWEEN PETER SALLICK, CEO / CREATIVE DIRECTOR, WATERWORKS,
AND JILL PLATNER, JEWELER AND SCULPTOR

Peter: I became interested in the idea of organic design for our products; how to translate more natural forms, surface textures and materials in an interesting direction. It was visiting Jill's New York shop — seeing her jewelry and sculpture — when I realized that she creates what we had in mind.

Jill: Peter and I looked at some of my existing pieces and took it from there. While my work is really organic, I've never had to work with dimensional restrictions already in place. Here, I had to design around functional requirements, which made it interesting.

Peter: Waterworks' biggest challenge was engineering the dimensional pieces from the designs — as a sculptor, Jill was giving us wax forms, so it was never a 2-D process. We were used to working with drawings, which are easy to manipulate. We had to push the technology.

Jill: When I'd get the castings back, I'd marvel at how amazing they were. There was no compromise, no cutting corners.

Peter: As a company, it's exciting to share a completely new product offering. What I like best is that this is the most simplistic thing we've ever done. It's two simple handles, one simple spout. They have many nuances because of the detail and the way that they partner, but it feels organic. The burnished finishes give it a softness that underscores the sculpted story.

Jill: It's a very tactile product. How many times per day do you touch a faucet? So it goes back to my jewelry and sculpture — something made by hand that you want to touch.
