THE COLLECTION: Henry

Influenced by the connection of industry and art Henry easily transitions between modern, traditional, utilitarian and classic settings.

FEATURES

- The manufacturing process encompasses casting, turning, forging, hand-fitting and hand polishing.
- Brass material is used for components
- The thermostatic valve and shutoff trims are housed neatly together on a back plate for a clean install in the shower.
- A new unique rough was engineered to house this layout which was based on our TM5 platform.
